

Ready for Kindergarten Online: Kindergarten Readiness Assessment (KRA) Guidelines for District Data Managers in OHIO (2016)

Data Entry and Update Methods

The system will support three methods of data entry: 1) Bulk upload using CSV files, 2) Manual data entry, and 3) Using a script to send data files via SFTP. The KRA testing administration window begins the first day of school through November 1st. Teachers will not be able to access the system and enter KRA scores until data is loaded into the system as described below. During the KRA window, your District's Student Information System (SIS) will likely be updated with new teachers, students, and enrollment information. For that reason, data should be kept up to date through additional bulk loading, manual loading/editing, or Ftp-ing the data to ensure the data is up-to-date in the Ready for Kindergarten Online system.

Required Data for KRA Administration

1. **TEACHER Data** (*teachers.csv*): To create and update user accounts for teachers or users in the system.
2. **STUDENT Data** (*students.csv*): To populate the system with Kindergarten students.
3. **ENROLLMENT Data** (*enrollments.csv*): To match teachers to students in the system.

Bulk Loading Data Files

When a user with the *Data Manager* role accesses the Ready for Kindergarten Online system, he/she will see a menu option for '**Administration**'. Clicking the 'Administration' link will allow data managers to access the bulk loader. The layout for each of the three CSV data files appears below, and downloadable templates for each file type are available at: <http://dataguidelines.kready.org> as well as within the system.

- When a file is loaded, the system will validate the file and provide feedback if any records are rejected (i.e. duplicate ID's, missing data in required fields, incorrect data format, etc.). *It is important to note that no validation process is perfect and that each district is responsible for providing clean and accurate data.*
- Teacher, Student and Enrollment data should be updated often during the KRA administration window to ensure that:
 - Newly enrolled students appear in a teacher's class list;
 - Students who change classes appear in the correct teacher's list;
 - Students who leave your district are released for another district to add;
 - Accounts are created for teachers who may join the district after the first day of school.

Bulk CSV Files: General Information

The system will accept properly prepared CSV files. In addition to adhering to the layout provided at the end of this document, each CSV file must comply with these formatting rules:

1. **You must provide a header line-** The first line of each file is the header line. The header line is automatically skipped by the bulk file process. Failing to provide a header line will result in your first data record being skipped. The template files provided already have the required headers. Please do not change the headers. The headers should be in all lowercase.
2. **Each record is on a single line.**
3. **Lines must end with either a Windows style (CRLF) carriage return or a Linux style (LF) carriage return.** Files using older Mac line endings (CR) may not load properly.

4. **Fields are separated with commas.**

Example: John,Doe,120 Main St.,"Anytown, WW",08123

5. **Leading and trailing space-characters adjacent to comma field separators are ignored and will be automatically trimmed.**

(For example: John , Doe ,... resolves to "John" and "Doe", etc. Space characters can be spaces, or tabs.

6. **Fields with embedded commas must be encapsulated with double-quote characters.**

In the above example. "Anytown, WW" had to be delimited in double quotes because it had an embedded comma.

7. **Fields that contain double quote characters must be surrounded by double-quotes, and the embedded double-quotes must each be represented by a pair of consecutive double quotes.**

So, John "Da Man" Doe would convert to "John ""Da Man""",Doe, 120 Main St.,...

8. **You may also choose to encapsulate fields with double-quotes.**

Leading Zeroes, Microsoft Excel Formatting, and Quality checking

You may choose to use Excel to create the CSV files. Please be aware that Excel can corrupt the values of your data if you are not careful. A District ID of 012345 may change to 12345. You must prevent this from happening. We recommend spot checking your files with a tool, such as notepad++, which is free and can allow you to see things like line-endings and has other features to allow you to manipulate your files, if you discover a problem. <http://notepad-plus-plus.org/>. In addition, formatting your Excel column with the correct data type and length can help ensure that leading zeros are maintained when the file is saved as a CSV. Checking the file in a text-editor like Notepad is the best method to ensure leading zeros are not dropped by Excel.

File Layouts: TEACHER, STUDENT, and ENROLLMENT files

Please Note:

1 - *teachers.csv*: All fields are required for a record to be accepted.

2 - *students.csv*: Fields marked 'No' for Required to Administer KRA may be required by the end of the administration window for reporting (see last column).

3 - *enrollments.csv*: Fields marked 'No' for Required to Administer KRA may be required by the end of the administration window for reporting (see last column).

File 1: teachers.csv – All fields are required for a record to be accepted.		
Field	Values	Required to Administer KRA
district_id	Attending District IRN Six-digit District IRN; contains only numeric values (0-9). Community schools may use the Attending School IRN to populate the field. http://webapp2.ode.state.oh.us/data/irn.asp EMIS_FS040	Yes
teacher_id	Teacher State Identification Number Alpha/numeric. EMIS_CI270	Yes
school_id	Attending School IRN Six-digit School IRN; contains only numeric values (0-9). EMIS_FS160	Yes
email	Teacher Email A valid email address. A teacher email will be used to generate login information for the KReady system. EMIS_CD080	Yes

teacher_first_name	Teacher First Name Alpha. No Punctuation EMIS_CI290	Yes
teacher_last_name	Teacher Last Name Alpha. No Punctuation EMIS_CI310	Yes

File 2: students.csv – Records with data missing in fields marked ‘No’ in Required to Administer KRA column will be accepted. Your state, however, may still require the data in those fields to be submitted by the end of the administration window for reporting purposes (see Required for Reporting column).

Field	Values	Required to Administer KRA	Required for Reporting
district_id	Attending District IRN Six-digit District IRN; contains only numeric values (0-9). Community schools may use the Attending School IRN to populate the field. http://webapp2.ode.state.oh.us/data/irn.asp EMIS_FS040	Yes	Yes
district_student_id	District Student ID The local ID number of the student.	No	No
state_student_id	Statewide Student Identifier (SSID) assigned by ODE	Yes	Yes

	State assigned Student ID only. A nine-character identifier; first two characters are alpha, all remaining characters are numeric 0-9. EMIS_FS110		
school_id	Attending School IRN Six-digit School IRN; contains only numeric values (0-9). EMIS_FS160	Yes	Yes
student_first_name	Student First Name Alpha. This is the first name as it appears on the student's birth certificate. Do not Include Prefixes EMIS_GI330	Yes	Yes
student_middle_name	Student Middle Name Alpha. This is the middle name as it appears on the student's birth certificate. EMIS_GI070	No	Yes
student_last_name	Student Last Name Alpha. This is the last name as it appears on the student's birth certificate. Do not Include Suffixes EMIS_GI350	Yes	Yes
dob	Student Date of Birth (MM/DD/YYYY)	Yes	Yes

	EMIS_GI070		
race7	<p>Ethnicity Federal Guidelines for collection: http://www2.ed.gov/policy/rschstat/guid/raceethnicity/questions.html#twopart</p> <p>Convert to one of the following codes: I = American Indian A = Asian P = Pacific Islander B = Black/African American H = Hispanic W = White M = Multi-racial</p> <p>EMIS_GI090</p>	No	Yes
gender	<p>Gender Valid values are: F = female, M = male</p> <p>EMIS_GI080</p>	No	Yes
predominant_prior_care	Empty (leave blank)	No	No
home_care	Empty (leave blank)	No	No
other_pc_head_start	Empty (leave blank)	No	No
other_pc_prek	Empty (leave blank)	No	No
other_pc_child_care_center	Empty (leave blank)	No	No
other_pc_family	Empty (leave blank)	No	No
other_pc_nursery	Empty (leave blank)	No	No

other_pc_even_start	Empty (leave blank)	No	No
other_pc_hippy	Empty (leave blank)	No	No
other_pc_parents_as_teachers	Empty (leave blank)	No	No
other_pc_preschool_special_ed	Empty (leave blank)	No	No
other_pc_not_listed	Empty (leave blank)	No	No
lep	IEP Valid values are: Y = Yes, N = No This must be set to Y if a disability_code is provided in the next field. EMIS_FD130	No	Yes
disability_code	01 Multiple Disabilities (other than Deaf-Blind) 02 Deaf-Blindness 03 Deafness (Hearing Impairment) 04 Visual Impairments 05 Speech and Language Impairments 06 Orthopedic Impairments 08 Emotional Disturbance (SBH) 09 Cognitive Disabilities 10 Specific Learning Disabilities 12 Autism 13 Traumatic Brain Injury (TBI) 14 Other Health Impaired (Major) 15 Other Health Impaired (Minor) 16 Developmental Delay EMIS_FD130	No	Yes
low_ses	Economic Disadvantage	No	Yes

	Valid values are: Y = Yes, N = No EMIS_FD110		
ell_lep	LEP Valid values are: Y = Yes, N = No EMIS_FD170	No	Yes

File 3: enrollments.csv – Records with data missing in fields marked ‘No’ in Required to Administer KRA column will be accepted. Your state, however, may still require the data in those fields to be submitted by the end of the administration window for reporting purposes (see Required for Reporting column).

Field	Values	Required to Administer KRA	Required for Reporting
data_collection_token	This value will change for each administration. The token ID will be provided during training and is also posted within the system.	Yes	Yes
district_id	Attending District IRN Six-digit District IRN; contains only numeric values (0-9). Community schools may use the Attending School IRN to populate the field. EMIS_FS040 http://webapp2.ode.state.oh.us/data/irn.asp	Yes	Yes
district_student_id	District Student ID The local ID number of the student.	No	No
state_student_id	Statewide Student Identifier (SSID) assigned by ODE State assigned Student ID only. A nine-character identifier; first	Yes	Yes

	two characters are alpha, all remaining characters are numeric 0-9. EMIS_FS110		
school_id	Attending School IRN Six-digit School IRN; contains only numeric values (0-9). EMIS_FS160	Yes	Yes
student_first_name	Student First Name Alpha. This is the first name as it appears on the student's birth certificate. Do not Include Prefixes EMIS_GI330	Yes	Yes
student_last_name	Student Last Name Alpha. This is the last name as it appears on the student's birth certificate. Do not Include Suffixes EMIS_GI350	Yes	Yes
dob	Student Date of Birth (MM/DD/YYYY) EMIS_GI070	Yes	Yes
teacher_id	Teacher State Identification Number Alpha/numeric. EMIS_CI270	Yes	Yes

teacher_first_name	Teacher First Name Alpha. No Punctuation EMIS_CI290	Yes	Yes
teacher_last_name	Teacher Last Name Alpha. No Punctuation EMIS_CI310	Yes	Yes

Updated guidelines, directions, and other support materials for data managers will be maintained at:
